CB 7 Board Vote on JHL Zoning

If Community Board 7 upholds the vote at this February 7th meeting and recommends a ULURP (Uniform Land Use Review Procedure), City Planning will then decide whether or not to go with CB 7's recommendation. A ULURP would take JHL's proposed 97th Street development out of the "as of right" category and trigger many more steps – including a Public Hearing, significantly greater opportunity for community review and input, and an environmental review of potential impacts.

LET'S KEEP UP THE PRESSURE
